

# Teen Solutions Boy's Mentoring Team

**It Takes a Village to Raise Your Son.** Parents have always needed help providing the right learning experiences to fulfill their son's potential. For thousands of years, teen boys have been guided by adult men of integrity to become responsible and independent. This team provides the feedback of experienced mentors that your son needs and will listen to.

**Prepare Him for a Successful Adulthood.** Every week your son gets out of his head through physical activity and into his heart through group support. He will face his current challenges, set goals and be held accountable to meet them.

## Your Son Will Learn:

- The impact of his actions on others.
- The direction of his life is up to him.
- That addictions are a waste of time.
- How to behave like a responsible man.
- To handle issues like drugs, sex & homework.
- That he's not alone, he has a team.

**Open Enrollment:** \$95 per meeting (sliding scale available)

Team meets Fridays, 4-6 p.m. We train at The Marin City Boxing Club where we learn comradery and how to push through our barriers.
